class.

The total cost at each centre is estimated at Rs 15000/-

3 It is further reported that a reappropriation statement for the provision required for the purpose has been sent to the Comptroller.

4 The receipt of the statement has to be awaited for the disposal of this case.

Submitted (1) We need not wait for the reappropriation statement before proceeding with the case, as we anticipate that it will come soon.

(2) The rates of teachers, in addition to their pay, in all cases as there are now paid & will have to mention in a letter.

(3) As regards remuneration to teachers, I think those already in service are to be allowed during the vacation time. It is the understood that in addition to their pay, the scale of remuneration by the Dy C will be fixed when I am drafting the proposals of this, which some extra allowance may be necessary.

(4) The period of instruction is 42 days of which 6 are Sundays & 2 holidays. So practically only 34 days

Only elementary principles will be taught & those subjects can be left out

In 34 days, the village school masters are to be trained in 8 subjects. each subject will have 4 days. If this is considered useful & sufficient & adequate for the contemplated, the scheme may be sanctioned, as to bring these men & the instructors together, ample provision exists if found necessary.
